

UNIVERSITY PLANS WERE ACCEPTED

Edwards & Walker of Columbia, S. C., the Winners.

WORK IS IN EXCELLENT HANDS

Complete Plans Presented for the New University Buildings to be Erected at Gainesville—When Complete Will be Grand Structure—To be Fire-Proof.

The Florida Board of Education met in Jacksonville last Thursday and decided on plans for the new University buildings to be erected on the site selected in the western part of this city.

After a session lasting all day and most of the night, it was decided to accept the plans of Edwards & Walker of Columbia, S. C., and the entire construction, when completed, will necessitate an outlay of upwards of \$1,500,000.

Of course it is not expected that this amount will be used at once, but the buildings will be so arranged as to admit of the construction of a portion of them in time for the opening of the college next year in this city, two dormitories being considered sufficient to admit of opening the University at that time, and the other work of construction will be pushed forward as fast as the funds will admit.

There will be no temporary buildings erected, but those that are put up will be in keeping with the general plan, and when the last work is done there will be a harmonious blending of the entire plan of substantial fire-proof structures.

THE YELLOW FEVER.

Panama Having a Struggle—Condition at New Orleans Hopeful.

Panama, October 6.—Two deaths and two cases of fever were reported here today.

For the twenty-four hours ending at 6 p. m. yesterday there were 18 new cases and 3 deaths. This record was the same yesterday, and it is evident for the next six weeks Panama has a serious condition to contend with. The increase of new cases is due to the fact that certain people who have been fighting the health officers are now reporting cases.

The total number of cases to date reaches 200 and 50 deaths. Number now under treatment 52.

At New Orleans.

New Orleans, October 6.—The condition here continues hopeful. The record for the twenty-four hours ended early this morning shows only 28 new cases and 3 deaths. From 6 p. m. yesterday until noon today there were 18 new cases and 3 deaths.

Total number of cases 5,181. Total number of deaths 405.

Entertainment at Rochelle.

Martha Perry Institute of Rochelle, of which Prof. J. H. Owen is the efficient principal, gave an ice cream social and entertainment at the hall Friday night, which was well attended and highly enjoyed.

The proceeds were donated to the payment of the piano now in use in the school. Quite a sum was realized, and everybody who attended was perfectly happy over the occasion.

Prof. Owen is making a fine institution of Martha Perry Institute this year, because he is doing good work and has the cooperation of the parents of the school.

Jelly Chowder Party.

A jelly chowder party made a trip to Weller's Ford Friday and enjoyed one of the best chowders Judge Carlisle ever prepared, which says a great deal, as the Judge is regarded as the champion chowder maker of this section. The crowd was not large, but there were enough present to "drain the pot," and more might have been consumed if it had been in evidence.

Friar Night's Fire.

An alarm of fire was turned in at 8 o'clock Friday night, Box 61, which summoned the department to the house occupied by Allieon Hall, located near the Gainesville & Gulf depot. The department responded with the usual promptness, but the fire had gained such headway that the house and contents were destroyed.

Postmasters Appointed.

Washington, Oct. 6.—The following postmasters were appointed by the Postmaster General: Alabama—Collins, William A.; Meek, North Carolina—Anderson City, John C. R. Morris; Thomas—Gardiner, Jefferson D. Hall.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.
Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer.

NEWS OF CITY AND COUNTY CONDENSED

W. A. Pace of Putnam county has been the guest of his sister, Mrs. Wm. Jones. Mr. Pace came here to look after the taxes on some of his land in Alachua county, his farm being on the county line between Putnam and Alachua counties.

Dr. U. P. Dawson, the state veterinarian, and Mr. Burley of Lake City, made a visit to the Spring Park Stock Farm yesterday. Mr. Burley, who is a fine judge of stock, was delighted with what he saw and declared that he believed Spring Park to be the finest stock farm in the State.

Colfax Rebekah Lodge No. 2, I. O. O. F., held a most interesting meeting last night. This branch of the Odd Fellows is receiving high favor, and is growing rapidly. The ladies in charge, Misses Gertrude Cushman and Nettie Robb, are doing a great deal for the lodge, which is appreciated.

A. E. Morris and wife of High Springs were in the city yesterday. Mr. Morris is the efficient yardmaster of the Atlantic Coast Line at High Springs, and he, with his stalwart wife, are on their annual vacation. They left in the afternoon for Jacksonville, where they will spend a few days with friends.

Astonishing Incident.

It was, to all her friends, an astonishing incident that Mrs. I. B. Bent of Lime Ridge, Wis., was cured of her dreadful sickness. "Doctors," she writes, "had given me up; friends were ready to bid me the last farewell; clouds of despair darkened my horizon, and I was a wreck on the shores of despondency, when I began to take Electric Bitters for my frightful stomach and liver complaint. To the astonishment of all, I was benefited at once and am now completely and miraculously restored to health. At all drug stores; price 50¢; guaranteed."

SENTIMENT AGAINST DR. WITTE.

Some Russians Don't Believe He Deserves Honor for Services.

St. Petersburg, Oct. 6.—A strong sentiment against Count Witte developed at a caucus of St. Petersburg municipality yesterday evening, called to discuss civic action in recognition of his services at Portsmouth.

Suggestions that a banquet be given in his honor and that he be presented with the freedom of the city or an address were reflected and a resolution was adopted declaring that he is not worthy of any special honor because his services at Portsmouth "were only a redeeming sacrifice for the political mistakes in which he was involved, and which were responsible for the war."

The first act of the ministerial committee, the sessions of which have been resumed, with Count Witte's return, has been an important concession on the language question pertaining to the commercial schools at Warsaw, Riga and Reval to use Polish or German as the language of instruction in all studies except Russian grammar, history and geography.

Saved His Life.

J. W. Davenport, Waco, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me one of my lungs was entirely gone, and the other badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well. It is a wonderful medicine and I recommend it to suffering humanity." Sold by W. M. Johnson.

Cruiser Caused Speedy Settlement.

Constantinople, Oct. 6.—The sight of the British cruiser Fox at Hodeida Yemen province, Turkish Arabia, has resulted in a speedy settlement of all the British claims in connection with the piratical attacks of Arabs on British Dhows in the Red sea.

A Glasgow Cemetery.

The Necropolis cemetery, Glasgow, as originally planned, contained almost exactly twenty-four acres available for burials, and it was suggested that each division of one acre should be named after a letter of the Greek alphabet, which contains twenty-four characters. For various reasons this idea has not been fully carried out, but fifteen sections of the cemetery have been so named from alpha to omega, the monosyllable letters between these being omitted. The names have not been applied in any particular sequence, but with the aid of a small map they are useful in locating any particular spot in what is now one of the most densely filled graveyards in the kingdom.

Makes Homely Women Pretty.

No woman, no matter how regular her features may be, can be called pretty, if her complexion is bad. Orino Laxative Fruit Syrup aids digestion and clears yellow blotched complexions by stimulating the liver and bowels. Orino Laxative Fruit Syrup does not nauseate or gripe, and is mild and pleasant to take. Remember the same Orino and refuse to accept any sub. st. ate. J. W. McCollum & Co

Just What We Mean.

An American in London once attended a dinner where Henry Arthur Jones told a story about Rochester Tree.

"Mr. Tree," said the playwright, "met a friend of his one afternoon in Regent street.

"The two stood and conversed a little while, and then Mr. Tree said:

"Have you been down to see me lately, my boy?"

"No; too poor," said the other.

"Too poor," Mr. Tree exclaimed.

"Why, you spend enough on wine and cigars!"

"But the other," tutted, interrupted.

"I don't mean I'm too poor. I mean you're too poor," he said."
